## Television — a Tool for Transformation

The *Good News Channel* (GNC) is not just about broadcasting — it's about fulfilling Jesus' commission to the Church to "go and make disciples of all nations" (Matthew 28:19-20 *NIV*). Our desire is to bring the trusted teaching of the Word of God to as many people as possible through this channel, and we're doing just that. GNC has been broadcasting to Russian-speaking populations worldwide since 2000, providing Christian teaching to more than 100,000,000 people!

Each weekend on Home Group, the Renners open the Bible and discuss how to live strong Christian lives in these difficult times.

GNC began as just a desire in Rick Renner's heart, and when God opened the door for RENNER Ministries to purchase and revamp this already-established television channel, he knew it was the opportunity of a lifetime — and he was *not* going to miss it! The Good News Channel has since grown, broadcasting the Gospel in the Russian language 24/7 in 83 nations of the world!

We believe television can be used for more than entertainment — it can be a vehicle for transformation. That's why our heart is to meet people right where they are. Through the Good News Channel, we have the privilege of providing viewers with unique content they can't find through other Russian-language broadcasters. We help people discover how to live biblically

by teaching them how to raise their children, strengthen their marriages, and study the Word of God. We are committed to ensuring Russian speakers across the world don't have to search far to find *teaching they can trust*.

In March 2024, GNC took a historic step by launching a national broadcast channel, TBV, with the potential to reach every home in Russia. We were granted a special license that, just 30 years ago, would have been *unimaginable* for a Christian television network to receive — and Rick knew God was opening yet another door of divine opportunity that he refused to miss. In 2025 alone, TBV grew from broadcasting on 4 cable networks in Russia to *more than 200*. God has truly been at work through RENNER Ministries TV, the Good News Channel, and TBV!

### God's Never-Ending Faithfulness

In 2019, RENNER Ministries launched a large-scale expansion project in response to a powerful season of growth. And since then, the ministry has continued to grow, grow, *grow!* In December 2019, we purchased land in Moscow for our new studio. In November of that year, we made the down payment on our new office building in Broken Arrow, Oklahoma. In June 2022, we dedicated that building to the Lord, and the following May, we dedicated the Moscow studio. God has carried us through every step of this Ministry Expansion Project, and we are deeply thankful for all He has done through our amazing giving team. Today, we are continuing to pay off the Broken Arrow facility, and we are *83 percent complete*. God has been — *and will always be* — so faithful.
